EDUCATION

Bachelor of Science in Software Development
KCA University

04/2019 - 12/2023   *Nairobi,Kenya*

Software Development

- I am a Software Development student at KCA University who is waiting for graduation which is in December this year.

WORK EXPERIENCE

Attache
Abno Softwares International

02/2023 - Present   *Nairobi,Kenya*

Abno softwares is a company that deals with development of Erp Systems , cooperate management systems used by public and private institutions

Achievements

- I was part of the team that dealt with the revamp of the online recruitment portal and the alumni management portal that are used by the institutions Abno Softwares work with.
- I also worked on several systems that helped me understand the .NET stack and I did them from scratch. An example is the hospital management system which a full stack web application. I pushed the projects to GitHub.
- I have been of great use to team in which I helped the new additions to the team when it came to debugging which in turn helped me understand the stack more.
